

TRINITY[®] PROGRESSIVES

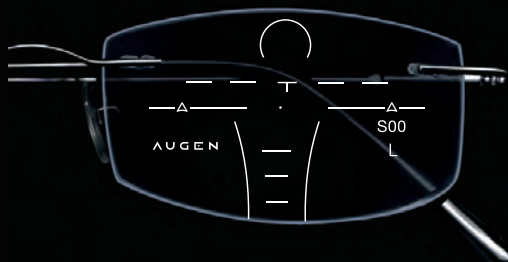

Three distinct choices. One incredible level of performance.

Active Lifestyle

TRINITY SPACIA[™]

Expansive mid to far for today's active presbyopes

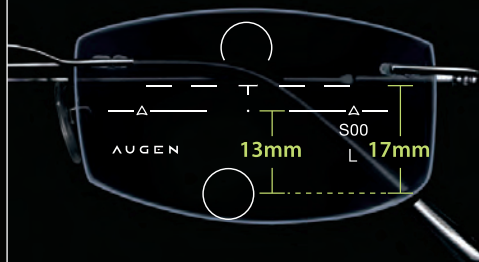

- Spacious mid-range and distance viewing for outdoor, professional and technology activities
- 22mm recommended fitting height

General Wear

TRINITY 13/17

Generous all-around vision

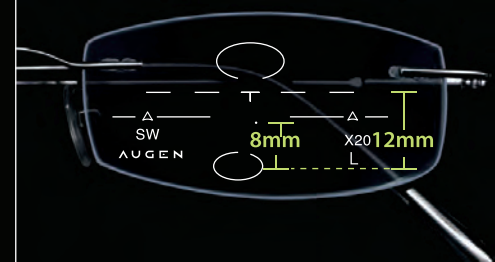

- Soft design with moderate corridor for broader frame selection
- 13mm corridor / 17mm recommended fitting height

Fashion Frame

TRINITY SHORT 8/12

Better vision in small frames

- Extra-short corridor with ample near and well-balanced distance
- 8mm corridor / 12mm recommended fitting height

Available in Trivex[®] and Trivex Transitions[®].
